Run the best course of its kind in the Midwest. Don't wait to see what the weather is going to be—It's the Midwest and it's January! Last year will chilly with a low of 2 and a high of 19 degrees with scattered clouds. Past events had minus 20 degree wind chill, freezing rain, snow, heavy rain, ankle deep mud and two days in the 60's. So register early, save lots of money & don't worry about the weather because you will have a fun day of running and partying.
